

StoneGate Training Program

Course Outline

Mastering StoneGate Instruction

Mastering StoneGate Instruction

The **Mastering StoneGate Instruction** course is designed for existing and potential Stonesoft ATS Partners who want to include StoneGate training in their service offering.

Course contains two elective modules:

- 1-day course to certify the instructors only for one product at a time (SMC and Firewall/VPN, IPS and/or SSL VPN)
- 3-day course to certify the instructors for StoneGate Firewall/VPN, IPS and SSL VPN products at the same time

Prerequisites

- SGSMCA
- SGFWA (for Firewall/VPN instructor certification)
- SGIPSA (for IPS instructor certification)
- SGSSLA (for SSL VPN instructor certification)
- Pre-work assignment
-

Course Goals

Mastering StoneGate Instruction course is designed to provide StoneGate instructors the tools necessary to successfully prepare for and instruct **StoneGate Management Centre**, **StoneGate Firewall/VPN** course, **StoneGate IPS** course and **StoneGate SSL VPN** course.

Students will learn the fundamental principles of instructing adult learners, how to prepare for instruction, how to deliver instruction and how to administer StoneGate tests.

Course Objectives

Upon completing **Mastering StoneGate Instruction** course, student is able to:

- Demonstrate understanding of adult learning characteristics
