"The StoneGate solutions not only immediately improved the reliability of AIT's connectivity, it also reduced monthly costs by 93 percent in our remote stations and nearly \$400,000 a year at headquarters. The solutions paid for themselves in less than six months."

Dan Chesler, Network Administrator
AIT Worldwide Logistics

"Based on our ROI calculations, the Stonesoft firewalls paid for themselves in just over a year when used only as firewalls. But when adding their VPN, content switching and Multi-Link load balancing capabilities the devices generated even more savings."
